Please **DO NOT** supply photos taken from mobile phones, iPads or tablet devices etc. as they are not of a high enough quality to be able to use.

Before taking your photo check that your camera is set on the **HIGHEST** resolution.

Make sure to take the photograph of the animal side on and standing as square as possible in **landscape orientation**, not portrait. Attract the animal’s attention so their head is slightly turned to camera and their ears are forward. Make sure to include all of animal, do not cut off feet or ears. For further photographing tips go to [www.brahman.com.au/supplyingPhotos.html](http://www.brahman.com.au/supplyingPhotos.html)

Try **NOT** to take photos in long grass and **AVOID** taking photos of animal in front of a cluttered background if possible. Ideally take the photo in full sun with the sun **BEHIND** the camera and avoid shadows across animal.

**DO NOT COLOUR CORRECT OR CROP YOUR PHOTOS** - supply original images.

When attaching **JPG** photos to emails please label them by their name or lot number and for which sale.

Send photo at **“ACTUAL ORIGINAL SIZE”** when attaching via email, we accept Dropbox or Google Drive too (ie. not Skydrive or Hightail).

If large photos send one at a time, rather than all at once.

If the photos are for use in the Brahman News or Brahman Graphics please email to: [graphics@brahman.com.au](mailto:graphics@brahman.com.au)

If the photos are for Online Sale Catalogues only please email to: [jan@brahman.com.au](mailto:jan@brahman.com.au)
