SEPTEMBER 2017

AUSTRALIAN BRAHMAN BREEDERS’ ASSOCIATION ANNUAL GENERAL MEETING

Notice is given that the Annual General Meeting will be held at the CQLX Gracemere Saleyards Function Room on Sunday, 1 October 2017 at 1:00pm.

COUNCIL NOTES

UPDATE TO ABBA REGULATIONS

The Council endorsed the following ABBA Regulation Changes:

10 SALES

10.6 All animals registered in the Purebred section or females registered in the Appendix sections of the Associations Herd Database which are sold and to be transferred shall be registered in the Database with a known Pompes status of bred free or tested free. The Council may grant exemptions for family transfers and complete herd sales.

11 SHOWS

11.2 (d) In the case of an animal being mouthed out at any show, it will be disqualified and ineligible to show ever again.

RBWS Animal Health Statement

The Council endorsed vendors displaying their completed Animal Health Statement on their pen/s at Rockhampton Brahman Week Sales

BEEF 2018

Expressions of interest are being sought for those wanting to secure a pen/s in the Brahman Compound. Included with your newsletter is your Expression of Interest – Booking Form. Please complete and return to the ABBA office prior to 30th September 2017.

Geneseeek Genomic Profile LD TESTING

Animals requiring Geneseeek Genomic Profile LD testing are required to be calf recorded at the time of testing, or calf recordings to be sent in when the Geneseeek Genomic Profile LD tests are requested. The Geneseeek Genomic Profile LD results cannot be added if the animal is not calf recorded.

South QLD Branch

Notice of AGM and Xmas Party
18th November 2017

6 Ashwood Avenue, Cawdor
QLD

Please forward all apologies to
SQ Branch Secretary Linda Geller:
ep.brahmans@bigpond.com
The turnaround for Geneseek Genomic Profile LD tests is approx. 4 weeks. Members requiring Geneseek Genomic Profile LD results for sales are recommended to send in samples for testing two months before close of sale nominations to ensure results are back in time for cataloguing.
Application forms for Geneseek Genomic Profile LD testing can be downloaded from our website.

AMERICAN/SOUTH AFRICAN SIRE AND DAM REGISTRATIONS
Members are requested to apply for registration of American/South African sires or dams before the calves are born to allow for the appropriate results to be received or tests to be completed. American/South African sires and dams are required to be tested for Pompes E7 and E13, CMS and GGP. Members also require authority, from the owners of the sires or dams to register calves or sell semen/embryos. This authority can be emailed to kerria@brahman.com.au

ROCKHAMPTON BRAHMAN WEEK SALE
2-4 OCTOBER 2017
A reminder to all those selling at Brahman Week, please return your BBSE certificates to the ABBA office by 4:00pm on Tuesday, 26 September 2017. If faxing or emailing your forms, please hand the originals to your agent.

GOLD CITY SALE
3 NOVEMBER 2017
A reminder to all those selling at Gold City Sale, please return your BBSE certificates to the ABBA office by 4:00pm on Tuesday, 31 October 2017. If faxing or emailing your forms, please hand the originals to your agent.

You can make a difference to their lives and yours by using TRI-SOLFEN.

TRI-SOLFEN® offers five major benefits to calf welfare:
- Immediate reduction in pain
- Extended long acting pain relief
- Reduces bleeding, abating shock and stress
- Reduces risk of bacterial infection
- Gel based formulation seals and protects, assisting in wound healing

THE PARASITE CONTROL & CATTLE HEALTH PROGRAM

Why Cydectin Injection?
- Best option for potency – it works
- Worm and tick control
- No known impact on dung beetles

Why Multimin Injection?
- Rapid 4 in 1 trace mineral top up for high demand periods
- Improves immune function & health
- Complements & enhances other animal health treatments

When do I get the best return on investing in a parasite & health treatment?
- Weaning and post weaning
- Pre-joining (especially heifers and first calf cows)
- Pre-calving (increased birth weight and milk production)

Benefits
- Improved production, animal health, and profitability
- Synergistic immune system enhancement to reduce parasite burden and disease risk
